### **Kit/Supplies/Uniform**

A student's textbook, complete kit of equipment, with a carrying case, and uniform are provided by the school. The kit contains the books and equipment necessary for satisfactory completion of their course of study. Students are expected to maintain the kit by replacing lost or broken articles in order that they may practice their work properly. The school is not responsible for the student's equipment, either lost or stolen. Students must learn to be responsible for the tools of their trade. Due to sanitary reasons, the equipment once issued and accepted by the student, is no longer returnable to the school upon withdrawal from the course of enrollment. The equipment, therefore, becomes the property and responsibility of the student.

### **Locker Policy**

The school provides lockers to its currently enrolled students. However, the school is not liable or responsible for any lost supplies/equipment left in any locked or unlocked lockers nor is the school responsible for any contents of a locker that is removed by school personnel after the school deems the locker unidentifiable, not used by a current student. Therefore, it is the student's sole responsibility to remove all items from his/her assigned locker upon graduation, termination or any break in attendance over a one-week period. The school may review the assigned lockers from time to time, all locked and unlocked lockers that are not identified will be opened, and any contents removed. The school will hold the contents for a one-month period and then dispose of it. If a student loses or forgets the combination to the lock, there will be a damage control fee of \$10.00 to cut the lock. Under no circumstances can a student cut a lock off by themselves. A student may NEVER give a locker to another student. Only school personnel can assign lockers to students.

**Once issued, the kit/supplies/uniform are not returnable due to sanitary considerations.**

Note: Length of course duration will vary in accordance to the number of hours the student is expected to attend on a weekly basis as stated on the enrollment agreement.

### **Additional Charges**

Each program has been scheduled for completion within an allotted time frame. A grace period of approximately ten percent has been added to the calculated completion date for each program. Any student who does not complete a program within the allotted contractual enrollment period will be charged the daily rate of \$36 for Cosmetology, \$23 for Skin Care, \$30 for Nail Care and \$25 for Massage II, per day (a maximum of 8 hours per day). Exceptions will be made for approved Leaves of Absence.

### **Re-Entry Policy**

All students who withdraw in good standing may re-enter into the course of study without the loss of credit for prior hours and operations earned during the prior enrollment. If the student transferred to another institution before returning, those hours and operations earned at that institution would also be credited to the student for the new re-enrollment. Each re-entry is treated on an individual basis. We reserve the right to reject students that have withdrawn from school twice before.

### **Method of Payment**

Students are expected to contribute from their own family resources toward the student's cost of attendance. Payment plans are available from the School. Federal student financial aid is available to those that qualify to cover educational expenses. Financial aid may be in the forms of grants (no repayment required). It is the policy of the institution to request from the student, whenever possible, to contribute toward their school charges by making monthly or weekly installments in accordance to their means. Under certain circumstances, the school will consider an installment payment plan for individual students. All estimates of available funds from financial aid will be first used to cover institutional charges; if funds remain available, they will be disbursed directly to the student. For information on the aid programs, please contact the financial aid office. The entire educational expenses need to be included in planning the student's ability to meet those expenses. All school charges must be paid in full before graduation.

### **Withdrawing from School-Policies and Procedures:**

#### **Withdrawal Policy:**

The school through monitoring clock our attendance at least every thirty days determines unofficial withdrawals for clock hour students. The required date of the refund is calculated based on the student's last date of attendance. Any monies due to a student who withdraws from the institution shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. When situations of mitigating circumstances are in evidence, the institution will adopt a policy wherein the refund to the student may exceed the Minimum Tuition Adjustment Guidelines. All extra costs, such as books, equipment, etc., are non-refundable if items are used or marked.

#### **Cancellation Date:**

Official cancellation date shall occur on the earlier of the dates that a student or legal guardian cancels the contract and obtains a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later.

#### **Official cancellation or withdrawal shall occur on the earlier of the dates that:**

1. An application is not accepted by the school. The application shall be entitled to a refund of all monies except a non-refundable application fee not to exceed \$100.00.
2. A student or legal guardian cancels the contract and demands his/her money back in writing, within three business days of signing the enrollment agreement regardless of whether the student has actually started training. All monies collected by school are refunded except a non-refundable application fee not to exceed \$100.00.
3. A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the school less the registration fee in not to exceed the \$100.00.
4. A student notifies the institution of his/her withdrawal.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
6. A student expelled by the school.
7. In type 2, 3, 4, or 5 official cancellation or withdrawals, the cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school in person.

#### **Withdrawal Date:**

Last physical date of attendance recorded in the institutional records Return of Title IV Funds and Institutional Refund Policy will use this date in their calculations as the end date of the payment period.

#### **Determination of Withdrawal Date:**

The school will review its attendance reports weekly and make a determination within 14 days of absence, if the student will be returning to school or not. This will be the date of the institutional determination of withdraw from school.

The school will use the determination of the withdrawal date as the start of the 45-day period in which the institution would make restitution of funds as calculated by the Return of Title IV or Institutional Refund policy calculation in accordance to State and Federal requirements.

#### **Determination of Withdrawal from School:**

The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

- The date the student notifies the Financial Aid Office of intent to withdraw. Only the Financial Aid Office would be authorized to accept a notification of your intent to withdraw.
- The date the school terminates the student’s enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
- The date the student fails to attend classes for a two-week period and fails to inform the school of withdrawing.
- A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning.

If a student is absent for three consecutive weeks and are not on an approved leave of absence, he/she will be deemed unofficially withdrawn.

The date the student fails to return as scheduled from an approved leave of absence is the withdrawal date and shall be charged up through the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA.

**Withdrawal Calculations:**

For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE PROGRAM	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01%-4.9%	20%
5%-9.9%	30%
10%-14.9%	40%
15%-24.9%	45%
25%-49.9%	70%
50% and over	100%

**Return to Title IV Funds:**

A Title IV recipient that withdraws from school has both the School Policy and the “Return to Title IV” calculated. The Return to Title IV calculation determines the earned and unearned of Title IV a student has earned for the payment period as of the date the student ceased attendance. The calculation is based on a percentage of scheduled hours attended for the payment period. If a student withdraws after 60% of the payment period is completed, Title IV funds are not required to be returned. When a student withdraws prior to completion of 60% of the payment period, the College must determine the amount of the Title IV funds the student has received exceed the amount earned. If the amount received by the student exceeds the amount earned, the College must return the excess funds to the Title IV programs in sequenced mandated by the U.S.

Department of Education defined in the Refund Distribution Policy. In certain cases, funds that “could have been disbursed” during the payment may require a Post Withdrawal Disbursement. A qualifying student and/or payment will be notified of this option if it applies. All refunds will be made within 45 calendar days.

**Post Withdrawal Disbursement:**

If the calculation shows that the student received less aid than what the student earned within the payment period or enrollment period, then the student would be notified by the institution of the amount of Grant funds used to cover institutional charges incurred by the student, or the available amount from grant funds for direct disbursement to the student for other educational related expenses.

Once this calculation is finalized, the institution will then perform a second and different calculation using the net funds retained (original tuition payments minus amounts refunded) to determine the amount of institutional charges earned by the institution during the payment or enrollment period. That calculation is known as the institutional refund policy calculation.

**Institutional (State) Refund Policy:**

The student has the right to withdraw from a course of instruction at any time. If the student withdraws from the course of instruction after the period allowed for cancellation of the agreement, which is until the midnight of the seventh business day following the first class you have attended or the seventh day after enrollment, whichever is later. The school will remit a refund less a registration fee not to exceed \$100.00, if applicable, within 45 days following your withdrawal. The student obligated to pay only for educational services rendered and for unreturned, unused equipment. The refund shall be the amount paid for instruction multiplied by fraction, the numerator of which is the number of hours of instruction which was not received but for which was paid, and the denominator of which is the total number of hours of instruction for which you have paid. After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more then 60 percent of the enrollment period in the entire course has incurred, there will be no refund due to the student. An applicant who is not accepted by the institution is entitled to a refund of all monies except a nonrefundable application fee of \$100.00.

**Equipment:**

If the school has given you any returnable unused equipment, including books or other materials, you shall return it to the school within 30 days following the date of your notice of cancellation. If you fail to return this equipment, including books or other materials, in good condition within the 30-day period, the school may deduct its documented cost for equipment, from any refund that may be due to you. Once you pay for the equipment, it is yours to keep without further obligation. As stated in the front page of this agreement, beauty supplies and equipment are not returnable items due to sanitary reasons. Therefore, once you have received any beauty equipment, its cost is charged to your account. If you cancel the agreement, the school will refund any money that you paid, less any deduction for registration fee and equipment received. **PLEASE NOTE: Manicure kits are not returnable, once students have opened the received and opened the seal on the kit.**

**Hypothetical refund example according to the state prorate policy:**

Assume that a student, upon enrollment in a 1,600-hour course, paid \$6,800.00 for tuition, \$75.00 for registration, and \$525.00, (documented cost to the school) for equipment as specified in the enrollment agreement and withdraws after 600 hours into the course (this includes class days not attended by the student) without returning (due to sanitary reasons) the equipment he/she obtained. The prorated refund to the student would be \$4,250.00 based on the calculation stated below. If the student returns the equipment (if it was returnable) in good condition within 30 days following his/her withdrawal, the school would refund the charge for the equipment returned.

Total Paid	\$7,400	Tuition Cost	\$6,800	Paid for Instruction	\$6,800
Less registration fee (Not refundable)	\$75	Hours in the course	1,600	Hours attended	600 (38%)
		Hourly charge	\$4.25	Tuition owed	600 x \$2,550
Less cost of unreturnable Equipment	\$525			\$4.25 Refund Due	\$4,250
Equals amount paid for Instruction	\$6,800				

**Refunds:** If any refunds are due based on the Return of Title IV calculation or the institutional refund policy calculation, any refunds will be made as soon as possible but not later than 45 days from the determination of withdrawal date in the order stated in section CFR 34 section 668.22. The order of payment of refunds is, 1. Pell Grant, 2. Student. This order would apply in accordance to the aid programs available at the School.

**Official Termination Date:** student will be officially withdrawn from school within 45 days from the last day of recorded attendance. The remaining amount of the refund will first be made to the financial aid programs from which benefits were received, in accordance to the order of priority provided in federal regulations.

**Course Cancellation:** if a course is canceled subsequent to a student’s enrollment, and before instruction in the course has begun, the school shall at its option: 1. Provide a full refund of all money paid, or 2. Provide for completion of the course at schools in the neighborhood. If a course is cancelled and ceases to offer instruction after students have enrolled and instruction has begun; the school shall at its option: 1. Provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school, or 2. Provide completion of the course and/or program, or 3. Participate in a Teach-Out Agreement, or 4. Provide a full refund of all monies paid.

**School Closure:** if the school closes subsequent to a student’s enrollment and before instruction in the course has begun, the school shall at its option 1. Provide a prorated refund of all money paid, or 2. Provide for completion of the course at schools in the neighborhood. A list of all students who were enrolled at the time of school closure including the amount of each pro-rated refund will be submitted to NACCAS.

**Collection Policy:**

Rosemead Beauty School has the right to use a third-party servicer to collect unpaid fees which come accrued as a result of attendance at institution. Collection correspondence regarding cancellation and settlement from the institution itself, banks, collection agencies, lawyers or any other third parties representing the institution clearly acknowledges the existence of the withdrawal and settlement policy.

**Financial Aid-Consumer Information:** Based on a combination of approvals, authorization, and accreditation, our students are eligible to apply for and receive tuition aid and financial assistance while attending the college. A list of these programs includes: Federal PELL Grant: Does not require repayment (FPELL).

### **Study Abroad Programs**

Our School does not provide for study abroad programs.

**Compliance Statement:** The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify students’ identities, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state or private programs.

**Financial Aid Mechanism:** Financial aid is a mechanism that reduces out-of-pocket costs that the student and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of school attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates and a student must repay in accordance to the individual loan program terms. Most of the loans can be arranged to require payment after a grace period of several months upon graduation, or upon the student’s termination from the program or if a student’s attendance falls below half-time. Financial aid is awarded to students who have “need”.

Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

### **Student Eligibility Requirements**

- Be admitted as a regular student
- Be enrolled or accepted for enrollment in an eligible program on at least a halftime basis

### **The U.S. Department of Education Title IV Student Financial Aid Programs:**

The college is approved for and does participate in the following ED Title IV programs intended to defray the costs of attending for those students eligible for financial aid considerations:

Federal PELL Grant Program (FPELL)

### **Application for Financial Aid Procedures and Forms**

Financial aid applications for this institution consist of the following:

Free Application for Federal Student Aid (FAFSA). This form needs to be completed as instructed on the form. Documentation to substantiate the data entered on the form may be required by the financial aid office. Forms and assistance in completing them are available at this school during school hours. In addition to the FAFSA, the institution requires a series of forms as they apply to the individual student aid program and to the student’s individual family circumstances. You must complete a free application for FAFSA for each July 1st that you would be enrolled.

#### **Federal Pell Grant Program: Funds received under this program are not subject to repayment from the student.**

**Deadline:** FAFSA applications must be received by June 30<sup>th</sup> of the year in which the application is intended for. SAR or ISIR must be submitted to the financial aid office by August 29<sup>th</sup>, of the award year from which aid is requested from or your last day of enrollment in 2016-2017, whichever comes first. A valid ISIR requires signatures of student, spouse and/or parents, when the ISIR has been corrected.

**Renewal Process:** A FPELL Grant award received for one award year (July to June 30 of the following year), and it is not automatically renewed for the next award year. Students must re-apply for the FPELL Grant and submit a copy of the new SAR or ISIR to the financial aid office.

**Disbursement:** They are made based on per payment period via a check payable to the school and once the check has been printed by the school, student must sign a receipt for the check. Monies are posted to the student’s account.

### **Determining Need**

The information you report on the FAFSA form when you apply for aid, is used in a formula established by U.S. Congress that calculated your Expected Family Contribution (EFC).

We utilize the Free Application for Federal Student Aid (FAFSA) for students applying for aid. This form will be processed by a contractor of the U.S. Department of Education at no cost to the student. The results will be provided in the form of an Institutional Student Aid Report (ISIR) and/or Electronic Student Aid Report with the calculation of the Expected Family Contribution.

### **Cost of Attendance**

The total amount it will cost a student to go to school. This institution uses the annual budgets published by the **CALIFORNIA STUDENT AID COMMISSION**.

For 2015-2016 Award Year: Elements included in the budget:	Actual Tuition	Actual Cost for the academic year
	Registration Fee	Actual Cost
	Kit/Supplies/Uniform	Actual Cost
Living Cost Allowance (monthly figures):	Student Living with Parents	Student Living off Campus
	Room and Board	N/A
	Transportation	\$1,030.00/MO
	Personal/Misc.	\$ 137.00/MO
		\$ 334.00/MO

To these costs, the actual institutional charges for the academic year period are added to calculate the cost of attendance.

Note: \*The institution does not provide on-campus housing nor campus based aid\*

### **Award Concept Selection of Recipients and Packaging Criteria**

The school does not receive enough campus-based funds to satisfy all the student's financial needs. Therefore, the school emphasizes the SELF-HELP CONCEPT of student financial assistance.

The SELF-HELP CONCEPT is on a first-come, first-served basis when awarding eligible applicants.

The SELF-HELP CONCEPT lists types of financial assistance in the following order:

1. Family contributions
2. Other resources
3. Federal PELL Grant

### **Definitions of Financial Aid Student:**

The following definitions correspond to some common terms used within the financial aid terminology:

If that individual is and will continue to be supported by the student parent(s), that individual would be a dependent of the parent(s) NOT a dependent of the student.

**Family Contribution (EFC):** the calculated amount that a family contributes to offset the student cost of attendance. EFC is calculated by the Department's contractor utilizing a Congressional formula that takes the student resources to which a series of allowance are applied to arrive to the EFC.

**Need:** The student for aid is the result of the cost of attendance minus the EFC states in the ISIR, the official response from the FAFSA.
